

Are you ready to make a difference?

In politics, every voice counts, and if you are interested in having a positive pro-family impact on your government, then the Christian Coalition of America is for you.

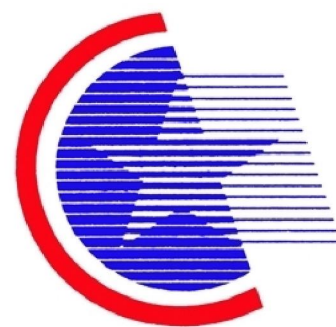

Today, Christians need to get involved and play an active role in their government again like never before.

The Christian Coalition of America offers people of faith the vehicle to be actively involved in impacting the issues they care about - from the county courthouse to the halls of Congress. We are driven by the belief that people of faith have a right and a responsibility to be involved in the world around them. That involvement includes community, social and political action.

Our Mission:

- **Represent** the pro-family point of view before government
- **Speak out** in the public arena and in the media
- **Train** leaders for effective social and political action
- **Inform** pro-family voters about timely issues and legislation
- **Protest** anti-Christian bigotry and defend the rights of people of faith

The Coalition is an organization made up of pro-family Americans who care deeply about ensuring that government serves to strengthen and preserve our families and our values – not threaten them. To that end, we constantly work to identify, educate and mobilize Christians for effective political action.

**Christian Coalition
of America**

Effective citizenship begins with knowledge

Since its inception, the Coalition has worked to provide critical education and political training to the pro-family community in order to challenge and equip individuals and churches to make a difference at all levels of government.

Our hallmark work lies in voter education, and each election year the Coalition distributes tens of millions of voter guides throughout all fifty states. These guides help give voters a clear understanding of where candidates stand on important pro-family issues - *before they go to the polls on Election Day.*

Will you join us?

Your involvement is essential to our success! Join us and begin making a difference for our families and our values today.
